

## MIRO Power Quality Logger and Analyser Starter Kits

### Summary of kits

Index	Kit Name	Description	Part number
<b>MIRO PQ35 (three phase, 3V+4I) starter kits</b>			
1	PQ35 Full AC kit	Contains items for all AC applications + GPS + Cellular.	
2	PQ35 AC kit	Contains items for most AC applications.	
3	PQ35 AC/DC kit	Contains items for most AC/DC applications.	
<b>MIRO PQ45 (three phase, 4V+4I, CAT IV 600V) starter kits</b>			
1	PQ45 Full AC kit	Contains items for all AC applications + GPS + Cellular.	
2	PQ45 AC kit	Contains items for most AC applications.	
3	PQ45 AC/DC kit	Contains items for most AC/DC applications.	

## MIRO PQ35 (three phase, 3V+4I) starter kits

### PQ35 Full AC kit

This kit contains items for all AC applications + GPS + Cellular.

Quantity	Description	Part number
1	MIRO PQ35 Power Quality Logger and Analyser, certified to IEC61000-4-30 Class A + 1APQCOMM-UPGRD-3G/4G	1APQ35-3G/4G
1	Single phase power lead	1APC4
1	Fused three phase lead with banana plugs and detachable small clamps (crocodile clips): 4 wire (3P + N)	1AVL4C2
1	Tinned end fused attachment with fuses	1AAC4TE
1	Banana plug fused attachment with small clamps (crocodile clips)	1AAC4BC
4	High sensitivity Rogowski coils for measuring current. Includes dual ranges of 500A and 3000A	1AFF3000-6-H
4	52 series clamp on current probes. Options: 100A or 500A or 1000A	1ACR series
1	GPS antenna with magnetic mount	1AGPSANTM
1	Temperature probe (ambient)	1ATEMPSENAMB
1	Temperature probe (surface with magnetic mount)	1ATEMPSENSUR
1	12VDC regulated power adaptor	1ADC12VPS
1	Mini USB lead (a mini-B connector) for communications	1AUSBMINIB
1	Power quality instruments carry bag	1ACBP5
1	CITRUS application software	1ACITRUS

### PQ35 AC kit

This kit contains items for most AC applications.

Quantity	Description	Part number
1	MIRO PQ35 Power Quality Logger and Analyser, certified to IEC61000-4-30 Class A	1APQ35
1	Single phase power lead	1APC4
1	Fused three phase lead with banana plugs and detachable small clamps (crocodile clips): 4 wire (3P + N)	1AVL4C2
1	Tinned end fused attachment with fuses	1AAC4TE
1	Banana plug fused attachment with small clamps (crocodile clips)	1AAC4BC
4	High sensitivity Rogowski coils for measuring current. Includes dual ranges of 500A and 3000A	1AFF3000-6-H
1	12VDC regulated power adaptor	1ADC12VPS
1	Mini USB lead (a mini-B connector) for communications	1AUSBMINIB
1	Power quality instruments carry bag	1ACBP5
1	CITRUS application software	1ACITRUS

## Get more Work from your Power

### PQ35 AC/DC kit

This kit contains items for most AC/DC applications.

Quantity	Description	Part number
1	MIRO PQ35 Power Quality Logger and Analyser, certified to IEC61000-4-30 Class A	1APQ35
1	Single phase power lead	1APC4
1	Fused three phase lead with banana plugs and detachable small clamps (crocodile clips): 4 wire (3P + N)	1AVL4C2
1	Tinned end fused attachment with fuses	1AAC4TE
1	Banana plug fused attachment with small clamps (crocodile clips)	1AAC4BC
4	High sensitivity Rogowski coils for measuring current. Includes dual ranges of 500A and 3000A	1AFF3000-6-H
4	52 series clamp on AC/DC 500A current probes	1ADCR500
1	12VDC regulated power adaptor	1ADC12VPS
1	Mini USB lead (a mini-B connector) for communications	1AUSBMINIB
1	Power quality instruments carry bag	1ACBP5
1	CITRUS application software	1ACITRUS

## MIRO PQ45 (three phase, 4V+4I, CAT IV 600V) starter kits

### PQ45 Full AC kit

This kit contains items for all AC applications + GPS + Cellular.

Quantity	Description	Part number
1	MIRO PQ45 Power Quality Logger and Analyser, certified to IEC61000-4-30 Class A + 1APQCOMM-UPGRD-3G/4G	1APQ45-3G/4G
1	Single phase power lead	1APC5
1	Fused three phase lead with banana plugs and detachable small clamps (crocodile clips): 5 wire (3P + N + G)	1AVL5-B-C1
4	High sensitivity Rogowski coils for measuring current. Includes dual ranges of 500A and 3000A	1AF3000-6-H
4	52 series clamp on current probes. Options: 100A or 500A or 1000A	1ASC series
1	GPS antenna with magnetic mount	1AGPSANTM
1	Temperature probe (ambient)	1ATEMPSENAMB
1	Temperature probe (surface with magnetic mount)	1ATEMPSENSUR
1	12VDC regulated power adaptor	1ADC12VPS
1	Mini USB lead (a mini-B connector) for communications	1AUSBMINIB
1	Power quality instruments carry bag	1ACBP5
1	CITRUS application software	1ACITRUS

### PQ45 AC kit

This kit contains items for most AC applications.

Quantity	Description	Part number
1	MIRO PQ45 Power Quality Logger and Analyser, certified to IEC61000-4-30 Class A	1APQ45
1	Single phase power lead	1APC5
1	Fused three phase lead with banana plugs and detachable small clamps (crocodile clips): 5 wire (3P + N + G)	1AVL5-B-C1
4	High sensitivity Rogowski coils for measuring current. Includes dual ranges of 500A and 3000A	1AF3000-6-H
1	12VDC regulated power adaptor	1ADC12VPS
1	Mini USB lead (a mini-B connector) for communications	1AUSBMINIB
1	Power quality instruments carry bag	1ACBP5
1	CITRUS application software	1ACITRUS
